# GLOBAL GRAND CHALLENGES
# BOOTCAMP 2023

Nurturing Teens To Solve Global Challenges

# *From Director's Desk*

The young generation of today is going to enter a complex and uncertain world tomorrow, filled with both challenges and opportunities to make a real difference. It is essential to nurture them in a way that helps them develop a global perspective, understand the interconnectedness of the world and equip them with entrepreneurial and problem solving skills. As a global citizen of tomorrow, they have the power to make a positive impact on a global scale. As educators, we must cultivate the attributes of Jigyasa (Curiosity) , Chikirsha (Readiness to Act) and Ananda (Joy in Being) in young minds.

We are excited to introduce Global Grand Challenges Bootcamp, a transformative program designed to equip and empower young change-makers. It is an opportunity to join a community of like-minded individuals, learn from experts in their field, and collaborate on real solutions to global challenges. We encourage you to join Global Grand Challenges Bootcamp for a transformative learning experience.

COO, Rishihood Univeristy
Director, RishiEd

# About *the Program*

The Global Grand Challenges Bootcamp is 2-day residential program that brings high school students together to learn about and tackle some of the biggest problems facing our world. The program aims to inspire and empower young people to understand how these challenges affect their lives and to think creatively about innovative solutions. Delegates will be introduced to the design thinking process and learn from case studies of successful social enterprises.

The bootcamp is held in a residential setting, allowing students to interact with each other and learn from their peers. It's an opportunity for young people to immerse themselves in problem-solving and innovation in a transformative way

# *About Us*

## RishiEd

Whether you are a student, employee, entrepreneur, educator, parent, or grandparent – curiosity forms the essence of learning. And keeping this joy of learning alive is vital in today's complex and uncertain world. RishiEd aims to help you grow as you navigate the dynamic reality.

RishiEd provides interdisciplinary learning instead of focusing solely on the subjects taught inside classrooms. We build upon Rishihood's philosophy of combining Indian & Western education while nurturing the self, family, nation, and society.

## Rishihood University

Rishihood is India's first and only Impact University. Our academic areas include creativity, entrepreneurship, education, healthcare, & public leadership. Rishihood's multi-disciplinary style ensures that we nurture a generation of leaders who can bring a positive change in the world.

The university believes in an 'ecosystem' approach to learning rather than isolated training and research. Therefore, Rishihood actively engages and nurtures an ecosystem for our academic areas as well as for the larger growth of the nation and society. Our learning environment inspires people to achieve 'Rishihood'.
