Executive Summary

MONTHLY PROGRESS REPORT May 2024

Major Activities of this Month	<ul style="list-style-type: none">➤ Conference report compiled and published➤ Compilation of chapters started from conference➤ Textbook preparation for K-12 begins➤ Glossary basic structure finalised
Next Month Task (June 2024)	<ul style="list-style-type: none">➤ Completion of Textbook Structure for standard 1-12➤ Writing Blog articles➤ Preparing Glossary

Review Meeting and Agenda Setting

Date: 02/05/2024

Details: A review meeting was held to discuss the outcomes of the conference conducted in April and to set the agenda for the second phase, which marks the second year of the project. During the meeting, we prioritized the major tasks to be undertaken first. It was decided to proceed with three major tasks: the preparation of a comprehensive glossary, the development of the textbook structure for K-12, and the writing of 200 blogs dedicated to the traditional game "Khol-Khel." This structured approach ensures that all critical aspects of the project are addressed comprehensively and efficiently.

Glossary Framework Drafted

Details: A basic structure of the glossary has been discussed, and references from the collected works of Pandit Deen Dayal Upadhyaya (DDU) have been compiled for further analysis. The glossary aims to provide a detailed collection and definition of terms used in Integral Humanism. Each term will be explored through various aspects, including its Vedic references, Sanskrit root sounds and meanings, contemporary relevance, and references in original DDU speeches. This comprehensive approach ensures that the glossary will be an authoritative resource for understanding the terminology within the context of Integral Humanism.

Internship Work Progress Presentation

Date: 03/05/2024

Details: Priya Singh, an intern at Integral Humanism Initiative, presented her progress on her monograph titled "Corporate Social Responsibility and Conscious Social Responsibility." Her presentation detailed her research findings and the conceptual framework she has developed. She discussed the distinctions and overlaps between corporate social responsibility (CSR) and conscious social responsibility (CSR), highlighting case studies and theoretical insights. Her work aims to contribute to a deeper understanding of how businesses can integrate ethical practices into their operations. Priya's presentation demonstrated her thorough research and critical analysis, providing valuable insights that will enrich the project's ongoing discussions on social responsibility.

IHI International Conference Report Published

The report originating from the Integral Humanism Initiative's *International Conference on Advancing Integral Humanism* was officially published and circulated. This comprehensive report documents the key discussions, presentations, and findings from the conference, which brought together scholars, practitioners, and policymakers to discuss integral humanism and related topics. The report includes summaries of keynote speeches and discussions, providing a detailed account of the conference proceedings. The publication of this report serves as an important resource for researchers and stakeholders, offering insights and recommendations that can inform future initiatives and collaborations within the Integral Humanism Initiative and beyond. The dissemination of the report ensures that the knowledge and insights gained during the conference reach a wider audience, fostering further research and dialogue.
