The story goes beyond the headline

## A New Beginning on Campus

We are delighted to welcome 700 learners from across the country to our university campus, confident that this diversity will foster a positive, inclusive atmosphere where everyone shares a collective responsibility to grow and learn together. Embracing the transformative power of our fully residential campus, students began with the 'Self and Society' course, exploring Swabhava (self-nature) and Swadharma (self-purpose). We are grateful to our founders and parents for their trust and support in nurturing this environment for holistic education.

## Innovative Learning with Moksha Patam

The first class of entrepreneurship students engaged with a creative adaptation of Moksha Patam (now known as Snakes and Ladders). This version incorporated business scenarios where students navigated adaptability tests, seized opportunities, and overcame challenges to grasp the basics and ethics of entrepreneurship.

## Celebrating Spirit and Service

August was filled with notable events, including a poignant address by Dr. Ajay Kumar (Retd. IAS), the longest-serving Defense Secretary of India, on India's 78th Independence Day, where he discussed his experiences in defense leadership. Other highlights included students honoring local police officers during Raksha Bandhan and celebrating Janmashtami with traditional fervor.

## Exploring India's Economic Future

Hon'ble VC Dr. Shobhit Mathur had an insightful conversation with Prof. Krishnamurthy V. Subramanian, IMF Executive Director and former Chief Economic Advisor of India, about his book *India @100: Envisioning Tomorrow's Economic Powerhouse*. Prof. Subramanian outlined his vision for India's potential to become a \$55 trillion economy by 2047.
